

TECHNICAL WAIVER REQUEST FORM

Applicant	Jiri Kotek	Application Date	29 Sept 2016
On behalf of		Single vehicle or generally applicable waiver request	Generally applicable to Skoda 130LR as detailed below
<i>NOTE – All information YOU add below will reflect YOUR entry form and homologation paper data and correspond with information as listed to the document found at http://www.fia.com/list-previous-homologated-cars</i>			
Vehicle Manufacturer	Skoda	Production date	n/a
Model	130LR	Variant	n/a
Homologation Paper ID #	# 269	Homologation Group	B
Original homologation date	1st Jan 1985	FIA App K 'Period' classification	J1

Waiver request

I request permission to use a 'dog type' close ratio gear kit P-008 which features the same ratios as listed to the homologated papers.
The kit is of Czech manufacture and sourced from Kalmar Motorsport <http://www.motorsportshop.cz/>

Waiver request justification

Close ratio competition (synchromesh) gear kits are no longer available as manufacture and sale of Skoda 'works' specification gear kits finished many decades ago.
'Dog type' gear kits have long been produced by Kalmar Motorsport as a direct replacement for 130LR vehicles competing in motorsport events.

I am unaware of any 'aftermarket' source of replica 'works synchromesh' type gear kits

Chief Scutineer note(s)

Signed..... Approved for publication - Geoff Doe Date... 30 Sept 2016

Website publication date 3 Oct 2016 Provisional approval date 13 Oct 2016

*Competitors or their representatives are invited to submit comments for the Chief Scrutineers consideration in the instance of objecting to this request.
In the instance where neither comment nor objection is received this request will be deemed accepted and valid 14 days after first posted to the EASCR website.
In the instance of an objection being received this application will be deemed suspended until the Chief Scrutineer has concluded his investigations*

When complete mail this document to the event secretariat info@eastafricansafarirally.com.

The Rally Office will send forward this document to the Chief Scutineer for consideration preparatory to posting to the event website for general consideration and comment.
